To Help Overcome Desperate Food Crisis in Europe

Canada to Export Maximum Grain Supplies
WINNIPEG, April 18.—(CP)—Canadian supplies of grain will be exported to the limit to aid in overcoming the European food crisis, Trade Minister MacKinnon said here today.

Mr. MacKinnon, who is en route to Edmonton, explained Canada's position during a brief trans-Atlantic interview, and said there is only a balance of 67,000,000 bushels of wheat to be exported as wheat during the final months of the present crop year, ending July 31, 1946.

The exportable surplus for the crop year was estimated at 360,000,000 bushels, and from Aug. 1, 1945 to April 12, 1946, exports totaled 273,000,000 bushels.

Egyptian at Head of Security Council

NEW YORK, April 18.—(AP)—Dr. Hafez Agha Pasha, 57-year-old Egyptian, took over chairmanship of the United Nations Security Council yesterday. The former baby doctor who became a diplomat and banker succeeded Dr. Guo Tai-Chi of China. Under council rules, the chairmanship is held for one month by each delegate.

Long Queues At All Stations

Britons Flock to Resorts

LONDON, April 18.—(CP)—Britons formed never-ending queues today at railway and bus stations for transportation to resorts where they will spend the first peacetime Easter-Bank holiday since 1939.

The rush began yesterday and reached a peak today as tens of thousands, burdened with children, luggage and dogs, struggled for accommodation in railway carriages. Extra trains had been set on sidings to meet what were expected to be record demands.

The warm, sunny weather of the early part of the week gave way to cooler temperatures and cloudy skies but did little to check the exodus. Resort hotels and boarding houses had all available space reserved weeks ago.

THERE WAS MOVEMENT BOTH IN AND OUT of London with crowds of visitors coming, particularly from Wales. Londoners had plenty of special entertainments, including fairs in big suburban parks. Many old Easter customs have been revived, including the distribution of Maundy money by the King for the poor at Westminster Abbey today, and the Good Friday marbles championship contest at Tinsley Green, Sussex.

THOSE GOING OUT OF TOWN had the usual austerity reminders to take their own towels and soap, which hotels no longer provide, and were warned they might have difficulty getting meals.

Release Women From "Solitary"

PORTAGE LA PRAIRIE, Man., April 18.—(CP)—Twenty women accused of leading disturbance at the Manitoba provincial jail for women here Monday were released from solitary confinement last night after they promised Attorney-Gen. J. O. McLaughlin there would be no more trouble.

They then were given a full meal instead of the bread-and-water diet of their "solitary."

THE ATTORNEY-GENERAL released three hours' interviewers and said at the completion of some cases. The prisoners said they had not started to break windows or tear up bedding until a "uniformed man" rushed in waving a tear gas bomb.

Panic Buying Is Reported

TORONTO, April 18.—(CP)—Retailers in Toronto reported today that meat buying in some instances has reached panic proportions as supplies here and elsewhere throughout the country dwindled to a mere trickle.

THE SHORTAGE followed adoption by the large packing chain of a policy of refusing to pay prices for live cattle that would not afford them a margin on sales of dressed meat at Prices Board ceilings.

Such Ontario points as London, Woodstock and Windsor reported shortages of meat in retail stores. At Vancouver a severe shortage in 10 days is predicted, according to cattle marketers' return to normal.

In Toronto, President John King of the City's Retail Butcher's Association charged that more than half the meat now being sold in the city is black market stuff being sold behind counters at higher than legal prices.

HE PREDICTED the majority of butcher shops here will be without beef Saturday.

Cattle trade on the Toronto live-stock market was dull again this morning.

Driver Arrested After Accident

Robert L. Moon, 10807 83 avenue, was arrested today on charges of dangerous driving about 11:40 p.m. Wednesday following an accident at the intersection of Kingsway and 118 avenue.

A CAR, ALLEGED to have been driven by Mr. Moon, crashed through the guard rails at 118 avenue when it attempted to turn right onto Kingsway at the west end of Kingsway. The car came to rest against a telephone pole after leaving four to 10 inch punctures from the ground and loosening and bending the guard rails.

The front and right hand side of the car was extensively damaged. The charge of dangerous driving was laid against Mr. Moon.

The driver, together with two passengers in the car, David Ross Sterling, 3400 196 avenue, and Henry Fred Fries, 10164 115 avenue, all escaped with minor bruises.

Trade Minister MacKinnon Hints 'Break' for Farmers

WINNIPEG, April 18.—(CP)—Trade Minister MacKinnon here today termed the recent 12½ per cent increase in the cost of farm implements as "something in the nature of a subtraction."

"FROM NOW ON, in connection with our policy of de-control-as-quickly-as-possible, there will be other subtractions, but there will also be additions," he said.

"There are other policies under consideration which will be of definite interest to the western farm producers."

McConachie Winner McKee Air Trophy

OTTAWA, April 18.—(CP)—Air Minister Gibson yesterday announced the McKee Trans-Canada Trophy, awarded annually for the greatest contribution to Canadian civil aviation, has been awarded to G. W. G. McConachie of Edmonton, general manager of Canadian Pacific Air Lines, Western Lines.

A FORMER bush pilot, Mr. McConachie won the 1945 award in recognition of long service, energetic support and widespread publicity in the development of civil aviation in Canada and his untiring endeavors in opening up the air hinterland in the west, especially that land between Edmonton and Whitehorse (Yukon); Mr. McConachie.

"Through his exploration and pioneering, both the Alaska highway and the Canol project were brought to an earlier successful conclusion than otherwise would have been possible."

Check Possible Stricken Trapper

INFLUX OF RATS FLOWN TO Hospital

FORT ST. JOHN, B.C., April 18.—(CP)—Len Hope, trapper living southwest of Watson Lake, Y.T., was reported in improved condition in hospital today after Bob Moon, formerly of the RCAF and another trapper, had rammed out of his trap with his snowshoes to enable him to pick up his son, Herman, Peter, son, to pick Hope up and fly him in Watson Lake for treatment for an infected hand and possible paralysis as a result of a cerebral hemorrhage and notified Constable Farnon of the British Columbia Mounted Police at Lower Post, 21 miles south of Watson Lake, who got in touch with RCAF authorities at the lake and arranged to have Peterson fly him to the hospital.

AN RCAF medical officer, Pte. L. C. P. Fowler was flown from the hospital to the lake to attend Hope, and admitted him to the station hospital. Yesterday Hope was flown here for further treatment. Hope's three children are remaining at Watson Lake and will be flown here later.

Beef Famine Expected Soon

Unless drastic and immediate action is taken by the federal government, a shortage of beef will be felt from one side of the Dominion to the other, according to Edmonton butchers and stockyards authorities.

THERE ARE 500 HEAD of cattle at the Edmonton stockyards, all unsold, with packhouse taking a firm stand against buying live cattle at prices inconsistent with the ceiling prices for dressed beef. Adding to the difficulty, western livestock producers are reported holding back their grain-fed cattle until higher prices make it worth their while to supply what appears to be an imminently depressed market.

Salesmen point to a slump of \$7.50 to \$12 per head for top choice steers as they join other production experts in warning of a resultant famine for beef in the near future. It is a Thursday morning, and a survey, is being laid at the feet of the government by farmers and livestock men.

Two Railroaders Die in Explosion

SUBURBY, Ont., April 18.—(CP)—Two men were killed today when a freight train derailed and exploded near Suburby from North York.

Dead: Clyde Eaton, 23 North York; and Arthur McKinnon, 31 North York. The explosion occurred near Suburby, about five miles east of Toronto. The accident occurred here at 2:30 a.m. The explosion derailed the engine and two cars.

Industrial Mishaps Claim Lives of 17

THERE WERE 17 fatal industrial accidents in Alberta in the first three months of 1946, according to a report issued by the Workmen's Compensation Board Thursday in the same period in 1945 the number of fatalities was 14.

Industrial accidents were the same, however, in 1945, but the number of such accidents showed an increase of 115 over the 1945 figure to a total of 130.

THERE HAD BEEN AN increase in the number of underground coal mining industry so far this year, only one of which was fatal. The increase was due to the fact that the number of coal miners was up.

many and the President died at a time when there was a conflict between him and the British waiting prime minister.

Mr. Ingersoll also wrote that at the time when British leaders were demanding all help possible for the troops in Berlin, Mr. Churchill said it plain he wanted to see British troops in the German capital before the Russians got there.

THROUGH THE FINAL German campaign in Europe, Ingersoll served as a liaison officer between the staffs of Gen. Omar Bradley, United States commander, Viscount Montgomery and Gen. Eisenhower, Gen. Bradley's deputy, who did not waste any effort on empty, battered Berlin but to push straight through Germany for the Rhine, the Russians at the Elbe brought about the Roosevelt-Churchill clash, Mr. Ingersoll wrote.

He also wrote that in a violent and unsolicited manner, Ingersoll was called to the attention of the states chief of staff, Gen. Eisenhower, who was in the United States against Viscount (then Sir Bernard) Montgomery.

The message said that the field marshal had been repeatedly and pointedly guilty of insubordination. Mr. Ingersoll said, however stated flatly that he had several times given Montgomery more than enough to ensure victory and that in each case Montgomery had failed him.

"THE SUPREME COMMANDER did not stop with Montgomery. At long last he vented his anger on Churchill and attacked Churchill for his direct dealings with Montgomery—his meddling—his interference with Montgomery's interference outside of channels."

Mr. Ingersoll said that after Winston backed out of the war, the hovever's approval of Gen. Bradley's plan, Mr. Churchill sent a personal cable to Mr. Roosevelt in which he accused Gen. Bradley of gambling with the hundreds of thousands of British lives.

"Churchill apparently said everything but the truth with regard to the military situation had nothing to do with it—Bradley being military 1,000 per cent. sound—but that quick defeat of Germany be damned, the British should be in the Russians got there," Mr. Ingersoll continued.

OF GEN. EISENHOWER, he said that in August, 1944, a supreme commander not only was brilliant but a bold and forceful man "with at least good horse sense" could have ended the war by Christmas.

"But there was no such supreme Allied commander," Ingersoll asserted. "There was no strong hand at the helm, no man in command of the man on whose shoulders the little rested had been especially selected for his ability to select, to see both points of view, to be above national interests—to be neither bold nor decisive nor neither leader nor general."

LONDON, April 18.—(Reuters)—Three London morning newspapers—the Daily Herald, the News Chronicle and the Daily Sketch—gave front page prominence today to charges made by the Daily Sketch, editor of the New York News-Pictorial, against Winston Churchill, H. Field Marshall Viscount Montgomery and Dwight D. Eisenhower in his newly-published book "Top Secret."

The News Chronicle's headline read: "British accused of having victory," while that of the "Daily Sketch" was: "American victory's amazing outburst against Britain."

White Hot Metal
FATALLY BURNS MAN
SEATTLE, April 18.—(AP)—John R. Tondervold, crane operator, died last night of burns received yesterday afternoon when tons of molten metal exploded at the Northwest Steel Rolling Mills, during severe shakedown work.

Tondervold was in the operator's cage over the explosion and was taken to hospital, but died covered with burns. Normal Smith and Michael Blakey, the others in a similar condition, were members of a ladie crowd pouring molten steel into the furnace, reeling when some of the metal splashed into a trough full of water. Part of the roof of the plant was blown out.

"Terrible Guilt"
Is Felt by Frank
By MICHAEL KASISCHKE
NURNBERG, April 18.—(AP)—Hans Frank, Nazi governor of German-occupied Poland, told the military tribunal today that "I feel terrible guilt with me" for the atrocities of the Nazi regime.

CLAIMING that some of these crimes only recently became known to him, Frank declared from the witness stand that he was "not a criminal" but "a man who felt the weight of terrible atrocities. I feel terrible guilt with me."

Speaking in a loud, clear voice, Frank held the court with his calmness and dignity as he virtually threw himself upon its mercy.

HE FREELY ADMITTED the crimes against humanity and his share of the guilt in those crimes, but he said he would "not be erased in thousands of years."

"Did you participate in the destruction of the Jews?" his attorney asked.

"I say yes," Frank replied. "I cannot allow it before my conscience that responsibility for the crimes should be handed to some people alone. I never installed concentration camps for Jews but if Adolf Hitler turned out that dreadful thing, I would be the people of his."

HE SAID HE would "bear responsibility" for the crimes against humanity during his tenure as governor but hedged with a claim that his authority was "extremely limited" and that he had no control over the SS.

He acknowledged that he introduced ghettos in Poland and issued a decree for forced labor but claimed that he was thinking of labor within the country to repair war damage.

He said his efforts to better the lot of Poles and give them a share in the government had been thwarted.

He denied repeating any of the 14 points for nothing.

HE DENIED publishing Polish art treasures and maintaining that he had tried to safeguard them in Poland. He said a "book of them" had been taken as "booty of war" before he became governor.

Frank, who attempted suicide three times while in confinement, appeared calm and confident as he began his testimony.

Crowds of Worshippers Throng Jerusalem Palestine Prepares for Rites of Antiquity With Undercurrent of Political Tension

By CARTER L. DAVIDSON

Jerusalem, April 18.—(AP)—Through streets lined with barbed wire barricades and teeming with armed troops, thousands streamed into this ancient city today to see Christian worshippers recreate with symbolic ceremonies the last hours before Christ was crucified.

AN UNDERCURRENT of tension prevailed throughout the Holy City as Palestine's three-cornered Arab-Jewish-British political controversy was complicated by a country-wide strike of 30,000 civil servants, who are demanding increased pay and better working conditions.

A three-hour walkout in sympathy with the strikers, was set for today by several thousand persons employed in special wartime departments of the Palestine government.

Although so-called terrorist groups have been idle for the past few days, there was no relaxation of authorities, who remained alert against any possible outbreak. Arab nationalists, with automatic rifles slung over their shoulders, mingled with the colorfully-garbed celebrants of the sacred rites of antiquity.

EASTERN OBSERVER of the Western and Eastern Christian faiths coincide this year, making the Holy Sepulchre site and other sacred places more crowded with worshippers than usual.

The ancient rites of Maundy Thursday began at daybreak and will continue all day as sect after sect stages its interpretation of the events of the day on which Christ led disciples into the "Upper Room" for "The Last Supper."

Granting of priorities for air travel on domestic lines in Canada has been abolished, effective at midnight last night, Reconstruction Minister Howe announced.

New Processes Developed In War Greatly Improve All Optical Aids

New processes, developed during the war have made available to civilians greatly-improved optical aids of all kinds, Sydney Herman, Toronto, assistant to the president of Imperial Optical Company of Canada, who are city visitors and conferring with city representatives of the organization.

THREE OUTSTANDING developments, he pointed out, are the result of experimentation for the armed forces.

Harder, a newly-developed lens for eye glasses will prove a boon to those requiring these aids, Mr. Herman said.

The Harrier lens will withstand a blow from a seven-eighths of an inch steel ball at a distance of four feet without shattering.

To children engaged in sports this will provide a new and safe protection, the official pointed out.

THE PLASTIC ARTIFICIAL eye is another great improvement, he said, and is acid-resistant and virtually indestructible. At the same time it is far easier to secure exact matching to the original eye coloring.

Use City Buses On Airport Run

A shuttle service will be operated by the Edmonton street railway system on the airport route along Kingsway starting Thursday morning, it was announced by City Commissioner D. B. Menzies and Thomas F. Ferrier, street railway superintendent.

THE CHANGE OVER in operation from the Chas. Bus is due to arrangements made with the company when one of its buses was broken down and another was sold.

Commissioner Menzies said the city had intended to take over airport transportation service when the equipment was available to it.

Under the new operation the city will operate a service from Kingsway and 101 street to 124 street and Kingsway and return along 111 street to 101 street to Kingsway.

The service will be every 20 minutes instead of the 40-minute interval that has been in operation.

Fares on the bus will be the same as that charged throughout the street railway system, and transfers from the bus to main line routes will be available.

SIX TAG DAYS have been authorized for the year. The present application, if granted, will increase the number to seven.

Organizations receiving permission to hold tag days are Kiwanis Club, Humane Society, Junior Red Cross, Canadian Legion, and Women's Auxiliaries of the Canadian Legion and the Army and Navy Veterans.

THE RESOLUTION covering the tag days carried the rider that, if necessary, the city commission may increase the amount to \$200.

Application was made by the club for a grant of \$400, but Commissioner John Hodgson said he could see how the grant could be made no more than \$200 in former years it was \$150, and never more than \$200.

J. R. Green representing the Junior Chamber of Commerce, said the money would be used for public utility improvements and to clean up their yards and buildings.

Today's Sport Parade

NEW YORK, April 18.—(BUP)—Ben Chapman, the manager of the Philadelphia Phillies, was grinning happily when it all started.

It was opening day, the sun was shining, the Phils looked neat and trim in their new uniforms with the brave red and blue trimming and—for the moment—Ben's boys were right up there at the top of the league.

"Is this that big league manager—equipped a Giant ambulating past the dugout as Ben leaned back contentedly in the cool shade."

"You said it," Chapman called as he watched his players scamper around the infield. "Thompson and the Phils were showing a lot of zip and chatter as they warmed up. It all was part of Ben's program to eliminate the defeatism complex which came with finishing last in eight of the past 10 years."

"THEY BETTER HAVE hustle and chatter," Ben warned ominously. "If they don't they'll find themselves back in Merica, Ga."

Benny Benning, one of Ben's coaches, bounced into the dugout just not used to greet some friends in the box seats.

"Sh—'em your curls," Chapman yelled to a confident voice far above the usual Philly whisper. Benny jerked off his cap and grinned. In one of the shiniest pants in the league, he grinned and gave several times the opening day I've ever seen," Chapman said. "I'll never forget the only time I've ever fanned me four times, though because I guess that was the worst."

For me, Grove faster than Bobby Feller? He was for my money. Feller's fast but that ball looked a lot smaller when Grove tipped it up there. Hey, it's a great opening day."

SOMEONE WANTED to know whether this was a prediction as to how the Phils were going to do this season.

"I'm not predicting anything," Chapman answered. "We're weak in a couple of spots, but we'll be tough, come around about July 1 and I'll tell you how we are going to do this season."

The players had drifted into the dugout by this time and they, at least, had very definite ideas about how they'd finish.

"We'll clinch the pennant at Cincinnati on Sept. 18," announced Jimmy Wadell, qualifying as one of the world's foremost optimists.

"Well, I don't know about that," said the first division guy, "but we'll be in the first division anyway," added outfielder Ron Ciesla.

Ben simply sat there grinning, his blue eyes twinkling happily.

BUT THE OPTIMISM and the happiness lasted just one-half of an inning.

The smiles faded and the chatter lost a bit of its zip right there in the first inning, when one of Ben's players, who had been grandstanding before the game, followed with a blooper and Ernie Lombardi added another homer to make it 4-0.

The final score was New York 8, Philadelphia 0. And, while it might not be strictly kosher to condemn the Phils for losing, it was a pretty good observation made by one of the box observers.

Woodrow Wilson is the only former president of the United States buried in Washington, D.C.

Victoria Dominates

Enter West Final

SASKATOON, April 18.—(CP)—

Victoria Dominates cleared another barrier on their march toward a Canadian senior basketball title last night, eliminating Saskatoon Tigers 82-53 in the second of a two-game, total-point series in the western semifinals and taking the round 18-47.

The British Columbia squad now meets Vancouver St. Andrews in the western final in a best-of-three series with the first game in Winnipeg Friday night.

Dominates dominated play throughout as they had in the first game although the Saskatchewan champions managed to keep the invaders from reaching three figures. The Victoria team led 25-0 at the end of the first quarter, 38-22 at half-time and 60-24 at the three-quarter mark. Tollers made their best showing in the final quarter, leading fairly well up with Dominates but still short on actual baskets.

SAINTS HAD BREAKS

SAYS COACH PRIMEAU

By FRED KERNER

TOHONTO, April 18.—(CP)—

"If you play aggressive enough hockey," said Joe Primeau, "you make the breaks for yourself."

"And we sure had the breaks tonight," he said.

Joe, coach of the eastern Canada junior hockey champion St. Michaels' College Major, sat in the little cloak room off St. Mike's dressing room after the third game of the Memorial Cup finals against a Winnipeg Monarchs. His boys had just come off the ice with a 7-3 victory over the Monarchs. His boys had just come off the ice with a 7-3 victory over the Monarchs.

"I WOULDN'T VENTURE to call the series tough. This is strictly a game-by-game affair and though we were four goals up tonight, it's almost safe to say it might be anybody's series yet."

In the dressing room, showered with congratulations for a spectacular job in the nets, Kitchener-born Pat Boehmer, the St. Mike's keeper of the net, echoed his coach's sentiments.

"Talk about breaks," he said. "St. Michael himself must have been standing beside me right through the game."

Pat hadn't come off the ice after a soft job. The hardy, fast-travelling Winnipeggers outbroke their eastern rivals 38-26 and Boehmer was hoping from start to finish.

THERE TO GIVE BOEHMER a well-earned pat on the back was Joe Primeau's brother, Jim, who after a long career as an amateur now is a lifeguard in the National Hockey League.

Asked for a frank opinion of the difficulties of the pro game, Joe summed it up in two words: "It's crummy."

There again the opinion was echoed—this time in the Winnipeg room. Coach Walter Murray, who emphatically stated he was not complaining—"the refereeing, both sides"—said it was time the CCHA decided to use two linemen for Dominion finals and "let the referee look after his own job."

Neither team suffered serious injury, though the going was rough. Don (Red) McRae, with his right knee high in the air, said the joint received no further hurt in last night's game. The right winger developed water on the knee after a game in February and was in-.

For Allan Cup Final

Pete Slobodian Will Return

To Calgary Lineup Tonight

CALGARY, April 18.—(CP)—

Its first string lineup intact for the first time since the opening game of the tough western Canada final, the Calgary Stampedeers is a night entrained for Regina where they meet Hamilton Tigers Thursday night in the first game of the best-of-seven final for the Allan Cup.

Defenceman Pete Slobodian, who suffered a badly cut ankle at Trail was in the party and will play in the opening game declared coach Jack Arbour who also took along alternate goalie Bert Paxton "Jin in case."

ALTHOUGH CONFIDENT his team stood an even chance with Hamilton Tigers and should not be rated underdogs in the betting, neither coach Arbour nor manager Dave Douchak had anything to say on possible outcome of the series.

"It's just another game," said Arbour. "We're going into it to win."

Russ Dettell, No. 1 goalie in the western Canada league, will be in regular schedule and playoffs, is slated to take his place in the nets against the reputedly sensational Art Childs of Hamilton.

ON THE DEFENCE ahead of him was Slobodian and Julian Sawchuk, who joined the Calgary club about a month ago following their return from overseas. Art Michalak and Archie Wilder, Michalak, in recent play-offs, has proved himself a husky body-checker while Wilder has been as much at home up front in the scoring zone as back at his own blueline.

Ken Hunter, Duke Grant and Bob Brownridge, the forward line that was tops in league play, will continue to work together with the string of Doug Cairns, Joe Fisher and Bunny Dume forming the other attacking threat. The latter line has held the edge in playoffs. Tony DeMarinis fills in as utility man.

The team, given a rousing send-off by a large group of supporters, was accompanied by trainer Bill (Pop) Pearson, veteran Calgary sportsman, newspaperman and radio commentator.

TIGERS "TOO OLD TO BE STAMPEDE"

REGINA, April 18.—(CP)—

There's lots of enthusiasm in the camp of Hamilton Tigers, but when boys who wear the tattered uniforms were keeping their confidence firmly buttoned down on the eve of tonight's opening battle with Calgary Stampedeers in the Allan Cup final.

"We're too old to be stomped and I don't care if that does sound like a horrible pun," grinned coach George Redding after watching his charges whistle through a brisk workout Wednesday afternoon.

"These Tigers," he continued, "are old hands at playing hockey. They've won their last time on a Canadian championship club."

"They won't be fooling—and they won't be easy to take out." The same tough-minded confidence was evidence amongst the players.

They were stiff and sore after a Tuesday tour workout which followed a long train trip and a lay-off of more than a week, but they were a smooth-running machine in Wednesday's drill and once more impressed railroad critics with their soundness.

Free of injuries and flitting about the ice like youngsters, Tigers looked like solid choices, hold heads and all.

"THE CROSS AND THE CHRISTIAN"

The origin of a yearly commemoration of the Crucifixion is somewhat obscure. It is regarded as certain that among Jewish Christians it almost imperceptibly grew out of the habit of celebrating the Passover on the 14th of Nisan, and observing the "days of unleavened bread" from the 15th to the 21st of that month.

In Gentile churches on the other hand it seems to be well established that originally no yearly cycle of festivals was known at all. From its earliest observance, the day marked by a specially rigorous fast, and also not the whole by a tendency to greater simplicity in the church services.

THE PRACTICE of a three-hour service, borrowed from Roman Catholic usage, has become very popular in the Anglican church. Some of the city Anglican churches will hold these three-hour services this year.

Protest Increase Farm Machine Cost

Strong protest over the recent 12 1/2 per cent increase in the prices for farm machinery was voiced Wednesday in a statement from the board of directors of the Alberta Farmers' Union.

The board, which concludes a four-day closed session here Thursday, said that the increase in machine prices coupled with other relaxations in ceiling prices, will necessitate a general increase in prices of farm products.

Commenting on a review of farm income statement said, "farmers cannot tolerate this situation any longer."

Continuing the review the statement said that according to authoritative figures prepared by the Canadian Federation of Agriculture, the farmers, who comprise one-third of the population, received in 1939 only one-eighth of the national income.

It charged that today it is estimated that agriculture's share is still less than one-eighth of the national income.

"THESE FACTS show that prices of farm products generally are far below their real value. Farmers cannot tolerate this situation any longer."

It is observed that during the war years machinery had been in extremely short supply, and that many farmers must purchase new equipment or go out of business.

"This leaves the farmers at the mercy of machine companies if they are to keep the multitudes of Europe and Asia from starvation."

"Another serious aspect of the case is the effect upon the war veterans now being re-established, whose inadequate allowance of \$1200 for equipment will be reduced in value one-eighth by this increase," the press release, which was signed by AFU President Carl J. Stimpfe, charged.

"WE BELIEVE that before any increase in price of farm machinery can be justified a fact finding board should investigate the cost of production."

"It should not be forgotten that previous to the war three inventory taking commissions found the price of farm implements to be unjustifiably high. Today some items of cost are lower. For instance, no longer do implement companies have to incur losses due to extending credit to farmers. Their advertising and selling costs are also largely reduced," the statement said.

Concluding, the statement claimed, although the financial status of farmers today had improved since pre-war years, it should be emphasized that agriculture is still far below parity.

TO VISIT CITY—J. Lindsay Mutter, former commercial secretary at the Canadian Legation, Havana, Cuba, who, after a brief tour of Canada, will proceed to his new post at Santiago, Chile. He will be a visitor in Edmonton on Monday, to interview manufacturers, exporters and government officials.

Transfer Is Made

Transfer of jurisdiction over fur farms from the department of lands and mines to the department of agriculture, which was forecast during the recent session of the Alberta Legislature, became official by the terms of a government announcement made Wednesday.

The fur farmer who grows and skins furs is exempt from the transfer, nor are the provisions relating to the sale or disposal of skins and pelts of furbearing animals, brought under the jurisdiction of the agriculture department.

Canadian Army Chaplain Retires

National defence headquarters announced the retirement of Lt.-Col. J. M. Malone, MBE, Canadian Chaplain Services and formerly Canadian Catholic Chaplain to the 3rd Canadian Division.

His retirement will culminate six years' service with the Active Army. His last appointment overseas was that of Deputy Assistant Principal Chaplain (RC) with the Canadian Occupation Force.

Special Broadcast

A Good Friday special broadcast will be presented over station CKUA on Good Friday evening from 6:30 to 7 o'clock. This service is sponsored by the United Church of Canada, and is directed by Dr. E. J. Thompson of St. Stephen's College.

"Bosses' Night" At Jaycee Meet

Employees were the butt of many a sly dig on the part of members of the organization when the Edmonton Junior Chamber of Commerce annual "Bosses' Night" at Jaycee Meet.

Invited more than 200 persons to the main dining room of the Macdonald hotel Wednesday evening.

Presiding over the affair was John McInnes, retiring president of the Junior Chamber, while Lyle Roper had charge of entertainment.

Seated at the head table were Ted Coupland, regional director, L. Aldridge, immediate past president; Al Heberington, second vice-president; J. V. Cairns, RC honorary president; Vern Sade, first vice-president; Doug Homersham, chairman of the publicity committee; and Dick Horn, secretary.

Guests at the head-table, all "Bosses," were R. McLean, Gregg McDonald, L. A. White, Deputy Chief Const. Alex Riddell, G. J. Jackson, Jewell, chairman of the chamber's rehabilitation committee, read a letter to the Citizens' Rehabilitation Committee of Edmonton, inviting the membership of the organization to inspect houses recently constructed at the Exhibition grounds drill hall by Canadian vocational training students.

MR. HETHERINGTON conveyed greetings of the Junior Chamber to the guests. Robert Chapman, chairman in charge of the national convention which will be held in Edmonton June 19 to 22, appealed for support of employers in the work of individual members to make the national meeting of the group ever to be held in this city a successful one.

Contributing to the program of entertainment were Lyle Roper, John Watson, Robert Dill, Neida Faulkner, Marian Nance, Jack Ullrich, Ernest Wisely, George Wiley, Frank Adamson, W. Pasmore, D. Williams, L. Buchanan, J. McKay, N. Landow, B. Griffiths and Mrs. Betty Sims.

Mr. Homersham presented a report of accomplishments of the Junior Chamber in the last year of work toward a better Edmonton.

Mr. McInnes announced that the next dinner meeting, May 1, would be addressed by Edgworthy May Klion of Lethbridge. The May 8 meeting will be the annual "Ladies' Night" while on May 28 the annual business meeting and election of officers will be held.

Speaker Outlines Benefits of Zoo

One of the best known benefits of a well-made up zoo is its advertising value to a city, due to its interest to visitors and residents alike, declared Professor William Rowan when speaking to members of the Edmonton Zoological Society Wednesday night.

Suggested beauty spots for a zoo were given by Professor Rowan. He also pointed out some of the main features that go toward the make-up of a zoo. It was announced that the society is planning to hold a dinner meeting within the

next two weeks for the purpose of electing an executive. A membership drive is to be launched soon. Chairman was J. H. Fry.
